## P. T. BARNUM'S

## MUSEUM and MENAGERIE.

THE largest travelling exhibition in the world, being a combination of all the most popular and unexceptionable amusements of the age—enlarged and improved for the season of 1853.

A Team of ten Elephants will draw the great Car of Juggernaut.

A BABY ELEPHANT, only one year old, and about 34 feet high, will carry upon its back around the interior of the immense Pavilion, the Lilliputian General Tom Thumb. The magnificent Grotto comprises 110 Horses and 90 men. The Pavilion of Exhibition has been enlarged until it is capable of accommodating 15,000 spectators at once. The collection of living wild animals includes the most splendid specimens ever exhibited in America. Among many others will be found 24 beautiful Lions Fresh from their native Forests.

A Monster White or Polar Bear, of prodigious size and ferocity.

A magnificent Royal Tiger, the largest one ever captured alive.

A Pair of Young Lions, only six months old. An Infant Camel, only six months old, the first one ever born in America, &c. &c.

The Drove of Elephants were captured in the Jungles of Central Ceylon, by Messrs. S. E. June and Geo. Nutter, assisted by 260 Natives, a ter a pursuit of three months and four days in the Jungles. They were finally entrapped and secured in an Indian Kraal or Trap of enormous dimensions & prodigious strength where they were subdued. The Cal elephant accompanies its dam, and was weaned on its passage from India.

P. T. BARNUM, Proprietor of the American Museum, New York, has the honor

to announce, that encouraged by the brilliant success which has attended all his various efforts for the amusement of the public, he has

been led to perform the project of organizing a vast travelling

Museum of Wonders.

Which comprises a greater variety of attractions, and more extraordinary Novelties, than any travelling exhibition in the world. Every

feature of this Mammoth Establishment is of a peculiar and interesting nature, and the whole is produced upon a gigantic scale of magnitude.

The travelling paraphernalia of the American Museum, as it enters each town, is preceded by the gorgeous Car of Juggernaut.

drawn by ten Elephants, superbly caparisoned, being an accurate model of that terrible engine of idolatrous sacrifice, finished and decorated in all the extravagance of the Hindoo style. Following this monster vehicle, is a long procession of costly cages and carriages, the whole forming a spectacle of more than Oriental splendor. The exhibition will take place within a magnificent variegated Pavilion, composed of American flags of water-proof fabric. The real, genuine, original

General Tom Thumb

Is attached to this exhibition, and will appear in all his performances as given before the principal crowned heads of Europe, including Songs, Dances, Grecian Statues and his adored personations of Napoleon and Frederick the Great. The little General is twenty-one years of age, weighs only fifteen pounds, and is but twenty-eight inches high. Also engaged

MR. NELLIS, The man without arms, who will execute his extraordinary feats of loading and firing a pistol with his toes, cutting profile likenesses, shooting at a mark with a bow and arrow; playing upon the accordion and Violoncello, etc. Mr. Nellis, in these performances, exhibits a wonderful example of what indomitable energy and industry can accomplish, even when laboring under disadvantages apparently the most insurmountable.

A Complete Menagerie OF LIVING WILD ANIMALS, Is also included in the American Museum, and at a convenient period during the exhibition

Mr. PIERCE will enter the Dens of the wild beasts, and give his classical illustrations of Hercules struggling with the Nemean Lion; Daniel in the Lion's Den; Samson destroying the Lion, &c.

One of the interesting portions of the exhibition is formed by the great display of a great collection of

WAX STATUARY Including figures of the size of life, of all the Presidents of the United States, and also of a great number of noted characters, American and Foreign, all of which are accurate likenesses, and appropriately costumed. In fact, the whole Establishment is a vast repository of

WONDERFUL OBJECTS OF NATURE AND ART, the full particulars of which it would be impossible to give within the limits of a newspaper advertisement, and which has been brought together at an enormous expenditure of means, forming the largest and most novel travelling exhibition in this or any other country.

A fine Military Band will perform the most popular airs of the day, as the procession enters town, and during the hours of exhibition.

The American Museum and Menagerie will exhibit at

Logansport, Monday, July 18th, Tuesday " 19th,

Pezu, Wednesday " 20th,

Rochester Wednesday " 20th,

Plymouth Thursday " 21st,

Laporte Friday " 22d.

Price of admission 30 cents. Children under 9 years of age half price. To the whole of this immense Establishment, including General Tom Thumb, the entire collection of Wild Animals, Wax Statuary, Mr. Pierce's performances in the Dens, the Baby Elephant, Mr. Nellis's performances, &c., no extra charge under any pretence whatever, let the reports be what they may.

Doors open from 14 to 4 o'clock, p. m. July 7, 1853. 1812.
